9. Ever had a friend tell you the truth, the kind of truth you really needed to hear?

**Take Away:**

God has ordained purpose and meaning in our lives which is lived out in relationships with others.

**Prayer Requests:**

Remind the group about confidentiality. Share with each other if there is an area discussed that you are struggling with, then, pray for each other. Commit to hold each other up in prayer for what was shared. Remember to pray for each other during the week.

**Leader Notes:**

Transparent leadership fosters group discussion, so be open to the group with your own struggles. (No bragging, this is not a competition.) We all have our sin areas so the leader needs to model acceptance and forgiveness. Lift up and walk with your group members - be the servant hands and feet of Jesus. The goal of every Life Group is to grow closer to each other by providing an environment of safe interaction. When we foster a culture that promotes transparency and growth we have succeeded in meeting the goal of living life in community. It is never the goal to finish all of the questions, we are there to draw out the group so that each individual can grow in their relationships with one another and most importantly can grow in their relationship with God.
